Jim Woulfe Adds Voice To EPA Plan Construction

James B. Woulfe, Albany Ford dealer, and Northern California Director of the National Automobile Dealers Association's Board of Directors, representing new car and truck dealers, made an appearance before the U.S. Environmental Protection Agency, to offer the viewpoint of a typical businessman and concerned citizen on the Agency's proposals to reduce vehicle travel by 84 percent, impose a ceiling on gasoline consumption, limit the construction of parking facilities and reduce off-street public parking.

Speaking for the auto dealers, Woulfe sincerely requested that the auto curbs, such as the kind proposed for the San Francisco Bay area, not be adopted—at least until a thorough and quantitative assessment of their impact on the community and "our people" be made.

"On behalf of the new car and truck dealers in the San Francisco area," Jim Woulfe continued, "we recommend that the EPA administrator call upon Congress to authorize an independent review and re-examination of the automotive environmental standards established by the Clean Air Act of 1970, in light of medical and public health factors, fuel economy, performance and consumer cost-benefit considerations."

"There is simply not sufficient, adequate public transportation anywhere in the metropolitan area to accommodate the additional demand that would be generated by

Note of Thanks

I would like to take this opportunity to thank the many friends who helped make my retirement party such a happy occasion. Thanks also to all those who were unable to attend and enjoy the party, but donated towards a gift.

It is gratifying to know that even though I am retired from the Albany Police Dept., I will still be able to carry on the lasting friendships made over the years because I will continue to live in Albany.

Sincerely,
Bernard "Johnnie"

LISTENING attentively to Albany Mayor Lewis Howell read the ordinance prompted by his own business venture, is young Kent Shelby, Albany's smallest businessman, who operates a summer flower stand on Marin and Santa Fe Aves. When Kent's business permit was in jeopardy, the Albany City Council, at the Mayor's request, came to his rescue and initiated an ordinance to allow Kent and three others to operate open-air street corner flower stands within the City.

New School Bond Proposal Planned

Albany voters will be given a second chance to approve the construction of a "middle school" for Albany students in grades six through eight.

If the Alameda County Supervisors approve including it on the November 6 ballot, the new bond issue will not only provide funds for the middle school, but also the cost of replacing the unsafe sections of Cornell school, and this time will need only a simple majority to pass, instead of the sixty-six and two-thirds needed previously.

Since the new bond proposal, lowered to \$1,600,000, is devoid of all non-quake-safe items, it is covered by Proposition Nine, passed by California voters last year, allowing the simple majority approval.

The proposed bonds will provide most of the money needed to build the proposed middle school and replacing the unsafe auditorium and west wing Cornell. A state loan is anticipated, which will provide funds to pay the balance of the costs for the middle school and the purchase of the 5 1/2 acre site at Jackson and Buchanan from the University of California.

William J. Kilby, Albany Unified School District business manager, told the Board of Education the new school bond proposal would mean a maximum tax rate of 45 1/2 cents for any of the first three years during which the bonds would be redeemed, beginning 1974-75 tax year.

Special AC Buses For Raider Fans

Raider ticket holders will be able to use special express buses to both the Oakland Coliseum and the Memorial Stadium in Berkeley, to attend all home games this year.

Starting Saturday, Aug. 11, local Raider fans will be able to board AC Transit buses to the Coliseum at the BART/El Cerrito Parking Lot, starting two hours before kick-off time.

The same location will be used by buses carrying local fans to the Raider games taking place at the UC Memorial Stadium on Saturday Aug. 18 and 25. Fares will be 75 cents or \$1, depending on the distance.

Memorial Stadium will also be served by Lines 51—College-University Aves. and Telegraph Ave. Line 40.

'Eagle One' Eyes EB Regional Parks

Poachers and illegal campers in the remote vastness of the East Bay Regional Park District's 29 parks, covering nearly 30,000 acres will now be under the watchful eye of "Eagle One," EBRPD's new helicopter.

Piloted by Kenneth L. "Scotty" McGregor of Alameda, it can cover the obscure nooks and crannies of the park area in minutes, which Rangers in autos or men on foot or horseback could not reach for hours.

"Scotty" can set that 'copter down just about anywhere, to get a first-hand look at what's going on," says Park Ranger, Gary Martin. "The easy days for poachers and illegal campers are over, because 'Eagle One' can go a lot faster than they can."

City Council Denys Mrs. Clark's Variance Request

With Councilman Joe Carlevaro at home, recovering from recent surgery, and Councilmen Dick Clark and Hubert Call abstaining, the two remaining Council members, Mayor Lewis Howell and George Hein, voted to deny Mrs. Richard Clark's request to divide a lot between 808 Cerrito Street and 860 Washington St. into two sub-standard lots in order to construct a single family residence with one already occupying the Cerrito side of the parcel.

During the short discussion before the vote, Mayor Howell reminded the audience and his fellow Council members, that the hearing had been reopened in order that Mrs. Clark could present answers to questions posed by neighboring residents, and that she had been fair in her attempts to bring to the attention of her neighbors just what her plan was.

"We have shown no favoritism here," said the Mayor. "We have given both sides more than ample time to present their opinions. We even reopened the public hearing so that questions posed by the opposition could be answered in detail. With so much opposition how could we vote otherwise?"

Councilman George Hein, in agreeing with Mayor Howell, said that with the majority in opposition the City Council could do no more than uphold the Planning Commission's recommendation to deny the request.

When it seemed there would be no second to Councilman George Hein's motion to deny the request, Mayor Howell offered to "step down" and second the motion. However, after some hesitation, Councilman Call said he would second the motion in order to get it on the floor so he could speak "on the question."

Councilman Call, in explaining his abstaining from voting, noted that while a member of the Planning and Zoning Commission he had approved many variances such as this.

"I would just be reversing my principal if I voted to deny this," Call said, "although I realize the people are against it. I am sure that with so many sub-standard lots within the City, we will have to give our approval to some in the future."

Councilman Clark, obviously upset with the decision, left his Council seat to confer with an attorney, Anthony Hawthorne, who was in the audience, and returned to hold a discussion with City Attorney, Larry Saler, while City Administrative Officer, James Turner, was attempting to explain to Council members and the audience why David Hendrie was applying for a variance to reduce the required front, southside and rear yards and increase allowable lot coverage at 961 Ordway from the required 50 to 52 1/2%.

Native Daughters Plan Cal-Neva Trip

Sequoia Parlor 272, Native Daughters of the Golden West, will sponsor a Cal-Neva, Lake Tahoe, bus trip, on Wednesday, August 29.

The bus will leave the El Cerrito Plaza at 7 a.m. and will return at 10:30 p.m. Cost of the trip is \$6.50, with a \$3 cash refund and two drink tickets presented at arrival.

Reservations, on a first-come, first-serve basis, may be made by calling Mrs. Edna Williams, 525-1307.

Councilman Clark eventually returned to his seat and questioned Mr. Hendrie at great extent as to the size of his lot, whether he used his garage and whether there had been any opposition from the neighbors.

Following Hendrie's explanation, the Council voted to approve the variance, but stipulated that there was to be no reduction in the front yard.

In other action the Council voted to hold over the approving of the tentative map of Tract 3528, the Interstate General Development Corporation's Albany Hill property, for one more week; and approved resolutions confirming the appointment of Gerald M. Koehne and Michael L. Barham as Permanent Patrolmen in the Albany Police Dept.

Council members also issued instructions to forward a copy of correspondence received, complaining of poor cable television service, to Cablecom-General, requesting them to live up to their contract with the City.

Councilmen also voted to go on record opposing the "loop system" being proposed by BART to serve San Francisco. As explained by City Administrative Officer Jim Turner: "While the proposal might be beneficial to San Francisco, it would be very disruptive to the BART service currently being provided within the East Bay."

"A system of complicated transfers and shuttles would be necessary for normal East Bay movements, since the trains would operate in a loop fashion and people going from Fremont to Richmond would have to either: ride BART to Daly City and then back to Richmond; ride BART to the West Oakland station and transfer to an inbound train to Richmond, or take a service shuttle bus from the Lake Merritt Station to the Twelfth Street Station and transfer to a Richmond train. Similar confusion and delays would be encountered on several other trips within the East Bay," Turner noted.

A two and a half page report, concerning the traffic and parking situation on Washington, submitted to the Council by Chief of Police James Simmons and City Administrative Officer Turner, was ordered held over until a work session could be scheduled.

"Since this is a problem vital to those living in the area," Mayor Howell said, "I suggest we hold a work session on it in the Council Chambers and invite those in the area to attend so that we may hear their feelings and suggestions."

The Council voted to plan the work session for sometime after Labor Day, when most vacationers will be back in the City. Councilman Clark abstained from voting.

The President has asked for a 5% decrease in energy consumption.

Here are some solid summer tips from PG&E on how you can do your part to conserve energy—and also save yourself money.

Turn your water heater to "pilot" before you go on vacation. Heating water when you aren't around is a waste of energy and money. If you have a gas water heater, turn your control to "pilot"

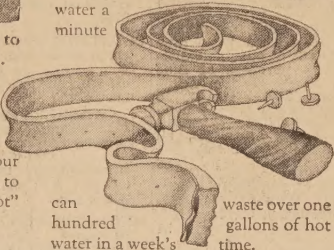

before you leave. Then turn it back to "on" when you return. You'll have hot water in an hour or so.

Ventilate your attic. An attic fan can lower the temperature in an attic by as much as 50° and help ease the

load on your cooling system. You'll have a cooler house for less energy.

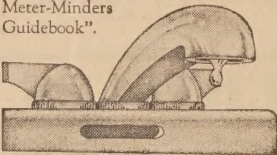

Improve your insulation. Proper insulation and weatherstripping can help reduce the energy needed to heat and cool your house by as much as 45%.

Repair leaky faucets. One leaky hot water faucet dripping 90 drops of water a minute

can waste over one hundred gallons of hot water in a week's time.

By following these few suggestions this summer you'll help conserve energy and also save money on your PG&E bill. For additional tips, ask any PG&E office for a copy of "The Meter-Minders Guidebook".

Congratulations to August "Birthday Babies" Bernie Johnson and Bill Rothschild ...

And let's play the "Anniversary Waltz" for Mildred and George Hein, Anabelle and Hal Denham, Betty and Dr. Bill Koser and Hilda and Chuck Silvera, all of whom got married in August—many years ago.

The US Coast Guard recently welcomed a new Seaman into their ranks, when Seaman Recruit William M. Edlin, the son of Mr. and Mrs. Theodore Edlin of The Alameda in Berkeley, graduated from basic training at the Coast Guard Center in Alameda.

And ... Bouquets to Albany's Thelma Jones, who has been a faithful employee in the Outpatient Dept. business office of Children's Hospital Medical Center in Oakland for the past 25 years.

Thelma was recently rewarded for her many years of service to this well-known facility, during the first employee recognition event in the hospital's 60-year history—an honor she is very proud of—and well deserves.

Millie Wigginton dropped by the office last week, to give us some good news about her son Joe McKeown, who authored the book "Everybody's Tooth Book," after he thought his career as a dentist had ended when his arm was injured in an auto accident.

Joe, as usual wouldn't take the doctors' word that there wasn't much could be done, and faithfully followed a program of physical therapy. As a result, there

now a possibility that he may be able to return to work—but only on a part-time basis at first.

The young dentist, who has had very many hard times to overcome in his pursuit of a dental career, isn't letting anything keep him down for long. We certainly have to commend him for his "Stick-to-it" determination!

We would like to extend our sympathy to City Clerk Patt George, Policewoman Betty Martin, and Board of Education member, Bob Nehls, on the death of their mother, Mrs. Mary Nehls, long-time Albany resident.

Sorry to hear of the serious illness of Jack Cardwell, East Bay Chevrolet employee and well-known bay area musician. Jack is currently a patient at Kaiser Hospital in Richmond, and would appreciate "get-well" wishes from all his friends. We sure hope he will be up and "tooting his horn," real, real soon.

Olympic Friends Meet Again After 21 Years

Mrs. Mildred H. Salomaa, an Albany resident for the past 13 years, entertained a visitor from Finland last week, and renewed a friendship that began 21 years ago, when she was the United States secretary for the Olympic Games held in Helsinki, Finland in 1952.

Mildred became acquainted with Mrs. Leena Valkama-Lakka of Tampere, Finland, when both were assigned to work in the Reception and Public Relations Department for the Olympics. They kept up their friendship over the years through correspondence, but had never met again until Mrs. Lakka came to Albany while spending a few days with relatives in Tiburon, on a tour of Hawaii, Alaska and parts of the U.S.

The two renewed their friendship and talked over old times and old colleagues, during a luncheon at a Berkeley Mari restaurant, followed by a scheduled tour of the University of California and the Campan Tower, where the tower attendant honored Mrs. Lakka by letting her toll the bell, which she said must weigh tons. He gave her a giant-size photograph of the Campanile to take back Finland as a souvenir of her visit.

The two former secretaries both agreed that, although many things had changed since their first meeting, their perspective life had matured—and they actually looked younger to each other!

Mrs. Lakka, a teacher of Business Economics, returns to Finland this week, with plans to study the Philosophy of Scandinavia this fall. Her husband, Yrjö, is a lecturer in Latin and Greek.

How Do You Get Govt. Data?

Ever wonder how or try to get needed information from public records? A recently published manual, entitled "A Guide to Public Records," may aid you in such a quest, even though it lists how to get available government data in the City and County of San Francisco.

"This guide can be used generally in other counties in the area, because most information is kept in each county seat in a similar manner," says Lou Gary, San Francisco Consumer Action's chief fraud investigator, who compiled and wrote the book.

The 28-page book covers how to get answers for such questions as: Who is the landlord of this building? How much was paid for it? What are the home addresses and telephone numbers of such-and-such corporation? Is so-and-so doing business under another name? Are there any suits filed against him? Does he own property in this City or County? How much does he pay in property tax?

Chock-full of maps, floor-plans and simple, easy-to-read instructions, the guide provides a complete program for people who want access to records kept by the Assessor, Tax Collector, Recorder, County Clerk, the Courts, Registrar of Voters, Board of Equalization, Secretary of State, Department of Motor Vehicles, Welfare Department, Planning and Zoning, City Purchasing, City Engineering and Board of Supervisors.

Co-published by the SFCA and the Peoples Law School, copies of the guide are available, at 35 cents each, at the SFCA offices, 2209 Van Ness Ave., or Peoples Law School, 558 Capp St., San Francisco.

New Concept School To Hold Open House
The Yellow Brick Road, an ungraded primary and pre-school (through standard third grade level), located at 7075 Cutting Blvd., El Cerrito, is holding an Open House, Sunday, August 19, from 2 to 4 p.m., and the public is cordially invited to attend.
The Yellow Brick Road teaches

writing, reading and math in a way to capture the child's interest. Children also learn about the sciences, dramatic play, carpentry, people, places, nature, art, singing and music making.
Multi-sensory materials are used in an open classroom environment, with concern for emotional as well as intellectual and physical growth. Activities are carefully planned so that self-selection by the child will provide meaningful growth experiences.
At the Yellow Brick Road, children learn about their feelings about themselves, as well as others.

ENERGY SAVER
Put a full load in the dishwasher, dryer and washer to save on water, electricity and natural gas. Turn these machines on before 11 a.m. or after 9 p.m. to avoid the utility's "peak demand" periods. That helps keep utility costs and your rates down.
